Salt Lake School for the Performing Arts

The Salt Lake School for the Performing Arts (SLSPA) is delighted to offer incoming 9th & 10th grade students who are serious about a performing arts education; an opportunity to truly excel under the tutelage of local and national working professionals in music, dance, and theatre. SLSPA is not an alternative school. It is a Charter School designed to provide high school students with opportunities to achieve excellence in performance and academics. Our students receive numerous opportunities to showcase their talent and skills. Students must maintain a 2.5 overall GPA in overall academics and a 3.0 GPA in performance arts, and maintain excellent attendance for success.

Myths

True

SLSPA does not encourage students to excel in academics.	We set GPA goals for all of our students: 2.5 cumulative GPA and 3.0 SLSPA GPA. All of our students receive guidance through our comprehensive guidance and counseling program; including academics, social well-being/self-knowledge, and career options.
SLSPA is an alternative school.	SLSPA is an option for students who are passionate and serious about the performing arts in their lives.
Teachers do not hold licensure.	All of our faculty, and counseling staff, each hold licensure through USOE and/or are under direct supervision of fully-licensed personnel.
Students do not receive a diploma.	SLSPA follows the same graduation requirements as the Salt Lake School District; we are in-line with State requirements
Superiority complex.	The majority of SLSPA students are here because they are passionate about their arts and enjoy all students.
Deficient character ed./lack of social skills.	All of our students receive guidance through our comprehensive guidance and counseling program; including academics, social well-being/self-knowledge, and career options.
Our students do not carry a full academic schedule.	Our students all follow a rigorous 4-year plan, including academics in preparation for college. Many of our students have already gone on to further their education in such schools as University of Utah, Southern Utah University, SL Community College and various out-of-state colleges and universities.
