About Classical and Contemporary Ensemble Showacse

Come along for a musical rollercoaster! We've got a mix of classical and modern music, promising a little something for everyone in the audience.

About Salt Lake School for the Performing Arts

Salt Lake School for the Performing Arts (SPA), located in downtown SLC, embodies a unique approach to education for high school-age students who are interested in the performing arts. We are a public, tuition-free school that provides an excellent academic and artistic experience for our students. We offer a unique performing arts curriculum focused on the individual. Since individual creativity is integral to the production of art, SPA faculty and staff work with students individually and collectively to stimulate intellectual, artistic, and technical originality. We strive to graduate individuals who can work independently and creatively. Our tracks of study – in Dance, Music, Theatre, Performance Design and Technology, and Media Art – are designed for motivated students who desire the most from their efforts in the performing arts and the classroom. If you, or someone you know, is interested in experiencing a day in the life of a performing arts student, we are having shadow days throughout the year. This is a great way to learn more about the school and see if we are the right fit for you. To sign up and learn more, go to www.saltlakespa.org/shadow-days
